Mentoring Qualifications

*Mentors shall be actively practicing members of the Kentucky Bar Association with at least five (5) years of experience in the active practice of law and should be able to assist the new lawyer in developing a style of lawyering that is compatible both with professional expectations and with the personality of the new lawyer. It is preferable that mentors have experience with the court system, although it is understood that not all mentors will have litigation experience. A lawyer without such litigation experience may nevertheless be an appropriate mentor if that lawyer has otherwise developed an understanding of appropriate behavior in a lawyer's relationship with the court. A lawyer may serve as an informal mentor for a number of lawyers but **shall not serve simultaneously as a designated mentor** in the pilot program for more than one mentee. Each mentor **must carry a professional liability insurance policy with policy limits of at least \$100,000 per incident/\$300,000 in aggregate.***
